

Criminal Charges - Pending

Please note on the questionnaires that you have pending criminal charges. It is very important that you provide the court with as much information as you can regarding the charges.

If you have pending charges and your rights have not been restored, you are disqualified from jury service.

NOTE: If the potential punishment for the pending charge is NOT "more than one (1) year," (even though it might be a year exactly), you **would not be disqualified** from service on this basis.
